REMARKS

Examiner Liu requested a substitute specification including amendments, by telephone on 14 July 2007. Applicant mailed the substitute specification with amendments to the USPTO five days later on 19 July 2007, and the substitute specification was received at the USPTO on July 23, 2007.

However, the Office Action dated 6 August 2007 did not mention or address any of the claim amendments made by Applicant on 19 July 2007. Therefore, Examiner Liu confirmed on 6 November 2007 that he will issue a new Office Action re-starting the response time, and Applicant may disregard the Office Action dated 6 August 2007.

Dated: 6 November 2007
